Product

Chemical - Hydrophobic coating for glass

Designation

BTTR4® easyclean sp

The following tests were carried out on the coating:

- UV resistance
- Chemical resistance
- Temperature shock resistance
- Mechanical resistance
- Adhesive properties (adhesion of dirt)

The durability test was carried out to simulate a lifetime of 10 years.

Test standard

2 PfG 1921/06.11

The tested product meets the defined quality criteria of the test standard. Product control tests are made regularly. This award is subject to our testing and certification regulations. The holder of this award is permitted to mark his products with the displayed mark.

This award is based on certificate Q 60169584 and is the longest valid until 2028-12-20. The currently valid certificates and the designations of the certified products can be verified at any time by entering the ID in the test mark at www.certipedia.com or via the QR code.
